Additional Instructions for mailing your package

- Ensure that there are no other tracking labels attached to your package. If you are shipping a non-hazardous item, completely remove or cover any hazardous materials markings.
- Affix the mailing label squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side.
- Take this package to a UPS location. To find your closest UPS location, visit the UPS [Drop Off Locator](#) or go to [www.ups.com](#).
- If your battery is damaged, defective or recalled by the manufacturer, do not return to Amazon. Please contact [Customer Service](#) for further instructions.
- For return to Amazon, please repackage your item in the original manufacturer packaging in which you received it. If that original packaging is unavailable, securely pack your item in a cardboard box with adequate cushioning to prevent damage to the item in transit.
